## Fire Hose Storage Racks

Organize your fire hoses to save space and easy access. Units store any size of hose. Available in four widths (30", 36", 42", and 48").

## Wall Mount Gear Racks

Configured to meet your design. Constructed from heavy-duty wire to allow air to circulate and gear to dry faster. Wall mounted racks make floor cleaning easy.

## Modular Casework

Eco-friendly reusable modular casework looks just like built in casework but can be easily relocated when you remodel or relocate. Available in numerous finishes.

## Evidence Storage

Secure evidence with evidence storage lockers. Designed to provide secure protection of evidence until removed by authorized personnel.

## Flexible Personal Lockers

The industry's toughest & most adaptable personal locker. Configured to meet your unique needs. Options include power outlets, gear drying racks & more.

## Rotating Multi-Media Cabinets

This space saving lockable multi-media cabinet rotates to allow double depth storage. Store top and end tab files, data, binders, & supplies all in one cabinet.

## What We Do

We specialize in interior storage and filing solutions to maximize floorspace and improve the productivity and safety of fire department personnel for operational efficiency.
